Name of Activity

Visit Hong Kong Wetland Park

Objective(s)

- Enhance children how to care for nature.
- Children can learn about the habits of animals.

Brief Descriptions:

Through participating in the Hong Kong Wetland Park activity “Making Friends with Wetland Animals”, children can learn about the interesting ecology and characteristics of wetland animals and plants, as well as their living habits. In addition, children can discover the beauty and tranquility of nature and how to cherish nature through participating in the outdoor visits to the Pui Pui's House, the Stream Rambling Trail, the Ecology Discovery Area and the Wetland Discovery Center. During the program, children can observe carefully and learn about the diversity of living creatures.
