Name of Activity

Visit Lions Nature Education Centre

Objective(s)

- Children can learn about the ecology of nature and planting information.
- Children are able to follow the rules of outdoor visits.

Brief Descriptions:

Children can learn about the ecology of nature and different crops through orienteering activities and drawing from nature activities in the outdoor exhibition area, as well as appreciating plants. During the orienteering activities in the Agricultural Hall, children learnt that crops are closely related to their daily lives and the process of planting, that China is an agricultural country and that children learnt to treasure food.
