Name of Activity

Astronomical Activity - The Earth and its Neighbours

Objective(s)

- Through viewing the projected sky images, children learnt about the eight planets and developed their interest in science.
- Children can make planets and share their feelings and achievements through art and creative activities.

Brief Descriptions:

Children were arranged to enter the Astronomical Dome to see the projected sky and learn about the eight planets by the instructors of S.T.E.A.M. for Children Wonderland. Children entered the tent and focus on the eight planets, full of curiosity, expression and questions. Afterwards, the instructor let the children make planets through art and creativity activities, and the children can share their personal feelings and experiences.
