

# Kindergarten Education Scheme

## School-based Learning Activity of Chinese Culture

### Display Form

HKSPC Butterfly Estate Nursery School

Name of School

2023-2024

School Year

N4

Grade Level

### Name of Activity

Visit the Jockey Club Museum of Climate Change

### Objective(s)

- Learn the impact of climate change on our lives through the tour.
- Learn the contribution of the Chinese icebreaker 'Xuelong' to climate change research.
- Cultivate the habit of low carbon living in children.

### Brief Descriptions:

The children visited the four exhibition halls, the 'Polar Gallery' where they were able to see the videos collected by the Chinese Research Centre. They learnt about the operation of the Chinese icebreaker "Xuelong" and China's contribution to the research at the base. The children were introduced to the issue of climate change in the 'Research and Innovative at The Chinese University of Hong Kong'. In the 'Remote Sensing and Environmental Monitoring', children were able to imitate a monitor. Finally, they learnt about low carbon living at the 'Hong Kong Jockey Club Green Gallery'.
