Grade Level

Name of Activity

Chinese medicine practitioner

Objective(s)

- During the activities, children recognize to the work and tools of Chinese medicine practitioner.
- Chinese medicine tools are placed in the classroom corner for children to explore.
- Set up the classroom as a Chinese Medicine Clinic and let the children play with the Chinese medicine tools.

Brief Descriptions:

Children explored the tools and learnt about the process of visit a doctor. They knew how to use the tools, such as using a 'pulse pillow' to take a patient's pulse, playing the role of a nurse to administer medicine to a patient and using a 'medicine pot' to cook medicines. The teacher also placed different kinds of herbs in the 'Automated dispensing cabinet' in the classroom for the children, they used their senses and learn more about different kinds of Chinese herbs. After these activities, the teacher set up the classroom as a Chinese Medicine Clinic for the children to play the roles of Chinese medicine practitioner and patients, they can learn more about the work of a Chinese medicine practitioner.
