

# Kindergarten Education Scheme School-based Learning Activity of Chinese Culture Display Form

HKSPC Butterfly Estate Nursery School

Name of School

2024-2025

School Year

N3

Grade Level

Name of Activity

Visit Tuen Mun Recycling Station

Objective(s)

- Experience the process of recycling.
- To learn about the Four Great Inventions of China 「Paper Making」.
- To learn about the concept of the unity of man and nature, and to cultivate the environmental concepts of treasuring and recycling.

Brief Descriptions:

Children learnt about recycled paper and made organic plant balls in the activity room, and then had a guided tour in the outdoor area, where they learnt about different recycling bins and experienced the recycling process. They learnt about the concept of recycling by carefully sorting and recycling different objects, which were then processed and turned into the other new objects.
