

# Kindergarten Education Scheme

## School-based Learning Activity of Chinese Culture

### Display Form

HKSPC Butterfly Estate Nursery School

Name of School

2025-2026

N2-N3

School Year

Grade Level

Name of Activity

Visit Tuen Mun Recycling Station

Objective(s)

- Experience the recycling process
- Learn about the Four Great Inventions of China: Paper Making
- Understand the concept of the unity of man and nature, and cultivate environmental awareness about treasuring resources and recycling

Brief Descriptions:

Children learned about recycled paper and made organic plant balls in the activity room. They then went on a guided tour of the outdoor area, where they learned about different recycling bins and experienced the recycling process. By carefully sorting and recycling various objects, they gained an understanding of the concept of recycling, as these items were later processed and transformed into new objects.
