School Year

N4

Grade Level

Name of Activity

"I am a Little Farmer"-Visit to Sai Kung Lions Nature Education Center

Objective(s)

- Through farming activity, let children learn about the growing conditions and farming methods of potatoes, thereby cultivating an attitude of caring for nature and cherishing food.
- Let children experience the work of farmers and the fun of farming through practical potato farming activities.

Brief Descriptions:

- During the project approach "Potato", the children became interested in planting, so the teacher led them to visit the Sai Kung Lions Nature Education Center.
- Children read the book "My Tiny Seed" and learnt about planting methods and growing conditions.
- In the potato farming activity, children use planting tools, such as shovels, watering cans to plant potatoes, thereby understanding the growing conditions of potatoes and experiencing farming.
- Through the planting activity, children can experience the joy of farming and the work of farmers, and understand the importance of cherishing food and caring for nature.
