

Chinese Culture Parent-Child Booth:

Activity Objectives:

- Enhance children's awareness of traditional Chinese culture.
- Enhance parent-child relationships through booth games.
- Enjoy participating in Chinese culture booth activities.

Introduction:

In August, the school held a 'Chinese Culture Parent-Child Booth' event, which included four booths: Chinese Knot, Dough Figurines, Fragrant Sachets and Tossing Pots, as well as two photo taking zones. On the day of the event, parents accompanied their children to participate in the activities. Both parents and children could learn about Chinese culture and develop an interest in it through the booth's display boards and hands-on experiences.
