

Traditional Art Performance Appreciation

Shadow Puppetry

Class: N.2 - N.4

Activity Objectives:

- Get to know about folk art performances – shadow puppetry.
- Learn to appreciate the artistic aspects of shadow puppetry (beauty of painting, carving, singing, as well as the movements)
- Enjoy participating in Chinese cultural art performances – shadow puppetry.

Introduction:

The school has invited members from a professional performance group to conduct a traditional art performance – shadow puppetry. Teachers will arrange the children to sit in the big music and music room to watch the shadow puppetry performance, which lasts for 45 minutes. During the activity, children can appreciate the unique features of shadow puppetry. The performance group members will provide cultural guidance and introduce shadow puppetry as a folk art performance with a long history. They will also invite children to try manipulating the shadow puppets, learning the skills of shadow puppetry performance, enhance interactions among the children, and enhancing their understanding and interest in Chinese cultural art performances.
