School-based Learning Activity of Chinese Culture

Display Form

HKSPC The Jockey Club Hok Sam Nursery School

Name of School

2023/2024

School Year

N1-N4

Grade Level

Name of Activity

Chinese Cultural Achievements Sharing Event

Objective(s)

- Produce different graphics related to Chinese culture
- Make traditional Chinese food
- Understand different activities related to Chinese culture
- Appreciate different Chinese culture and art with family

Brief Descriptions:

Children learned different things related to Chinese culture during the Month of Chinese Culture. N1 children learned that glutinous rice balls are eaten during the reunion dinner from the Winter Solstice activities, and thus learned how to make glutinous rice balls and related craft arts. After N2 children learned about different traditional Chinese foods, they made dumplings and related craft arts. N3 children learned about the traditional Chinese custom of lion dance through the Lunar New Year story, and designed the lion head and design together. N4 children learned about the customs and origins of the New Year through the "New Year" three-dimensional book, and made lotus leaf rice and handicrafts together.

Afterwards, we held the "Chinese Culture Achievements Sharing Event" on 12-4-2024 (Friday). On the day of the event, parents and children enjoyed the children's achievement display. They watched the children's different Chinese culture handicrafts and videos and tasted the Chinese traditional snacks, such as dumplings and glutinous rice balls. The event let parents understand the making process of children, enjoying parent-child time together, and gaining a deeper understanding of traditional Chinese culture, art, customs and food.

Record of Activity (E.g. Children's Work/ Photos/ Videos of the activity)

Children learn to make food and handicrafts

Children and parents participate in achievement sharing.
