Name of Activity

Bicycle Museum Travelogue and Bus Experience Day

Objective(s)

- Through personal on-site observation and filming records, compare the appearance and characteristics of different transportation tools
- By conducting an investigation at the 'Bicycle Museum', gain an understanding of different types of sports.

Brief Descriptions:

The first part of the activity is the bus experience, where children can observe the facilities on the double-decker bus and other transportations on the road while riding the bus. They will try to compare the appearance and characteristics of different transportations. The second part involves visiting the Bicycle Museum Park, where teachers lead the children in groups to visit different areas, such as bicycle tracks, children's playrooms, sports climbing walls, etc. During the visit, the children are very engaged and have discovered many bicycle-related items and equipment, such as bicycle clothing and bicycle wheels.
