Name of Activity

Graduation Ceremony – “Dance cum Culture Variety Show”

Objective(s)

- **Watching the school life videos to enable the parents and children to look back at the activities over the past year and enable the children to understand and appreciate the Chinese culture through different activities held by the School.**
- **Through the performance theme “Dance cum Culture Variety Show” to enhance the Chinese identity among the children and develop the spirit of cooperation.**
- **Singing and praising the parents’ love to thank their parents for their gratitude and caring to strengthen parent-child relationship.**

Brief Descriptions:

When the graduation ceremony began, the School played a short film about the children’s life at school. This year we had added Chinese cultural activities, which included recitation and appreciation of ancient poems, Art Week- “Chinese Art Life and Culture” as well as festival celebration activities, etc.to the short film. Such activities enabled the children to understand and appreciate the Chinese culture. Through the short film, the parents had an understanding of their children’s lives at school and reviewed the cultural learning activities over the past year.

In the performance session, the children performed the “Dance cum Culture Variety Show”, the contents focused on the Chinese cultural themes including Chinese acrobatic, Kungfu Panda and folk dance. In the performance, the children not only had an understanding of the Chinese traditional dance, but also demonstrated their

confidence on the stage. These activities helped cultivate a spirit of cooperation among the children and enhanced effectively their sense of Chinese identity.

Lastly, in the session of appreciation to their parents, the children sang the thank you song to them. In addition, we invited the parents to go up to the stage to receive flowers, which provided the children with a chance to express their gratitude to their parents, thereby developing their understanding and appreciation of the Chinese culture, filial piety.
