HKSPC Ocean Shores Nursery School

Name of School

Year 2024/25

School Year

Whole School

Grade Level

Name of Activity

Joyful Cultural Showcase

Objective(s)

- To learn the basic elements of Chinese culture, fostering interest and respect for traditional customs.
- To engage with the music, instruments, costumes, and performance styles of traditional Chinese theater, enhancing their understanding of cultural arts and appreciating its charm.
- To appreciate traditional art forms and respect performers, cultivating an understanding of cultural diversity and encouraging appreciation of various artistic expressions in their daily lives, while strengthening their connection to Chinese cultural arts.

Brief Descriptions:

In the preliminary phase of the activity, teachers utilized demonstration videos, props, and games to introduce children to the characteristics of traditional Chinese culture. This approach enhanced cultural awareness and increased their engagement and interest. The school procured various cultural items, such as instruments and costumes, to provide hands-on experiences. Additionally, professional artists were invited to demonstrate, giving children deeper insights into Chinese music, Cantonese opera, and acrobatics.

During the implementation phase, children participated in themed activities, including appreciating traditional music instruments and performances. Each activity

allowed for a relaxed learning atmosphere, particularly during instrument playing and role-playing sessions, where children showcased creativity and teamwork.

Before the final performance, children worked together to create props for the show which they presented with pride. After the event, teachers encouraged children to reflect on their performance experiences, reinforcing their understanding and appreciation of Chinese culture. Eco-friendly bags were given as mementos.

Overall, the activity achieved its educational objectives and strengthened the connection between parents and the school, laying a solid foundation for future cultural events.
