

Kindergarten Education Scheme School-based Learning Activity of Chinese Culture Display Form

HKSPC Butterfly Estate Nursery School

Name of School

2024-2025

School Year

N4

Grade Level

Name of Activity

Create Chinese-style lunch box

Objective(s)

- Learn that China is an agricultural nation
- Understand the rice cultivation process
- Develop an appreciation for food, recognizing that every grain is hard-earned

Brief Descriptions:

The teacher showed a video of Chinese farmers cultivating rice, introducing China as an agricultural nation. This helped the children understand the rice-growing process and fostered an appreciation for food through the concept of 「粒粒皆辛苦」. The teacher invited the children to create Chinese-style lunch boxes together. During the process, the children needed to wash the rice and cook the ingredients. They washed rice, prepared ingredients, and used flower-shaped molds to craft decorative rice balls, such as panda-themed and floral designs. The children proudly and confidently presented their Chinese-style lunch boxes to their peers and enjoyed their own creations together.
