Visit the H2OPE Centre

Objective(s)

- Learn that Dongjiang water is imported from China to Hong Kong for public use.
- Explore how ancient people managed water through the tale of 《大禹治水》.

Brief Descriptions:

The children explored the Water Discovery Garden, where they engaged in interactive games, live demonstrations and exhibits. They learned about the history of water supply, water source ecology, water recycling and and the water cycle deepening their understanding of water conservation. Teachers reviewed the history of Dongjiang water and the tale of 《大禹治水》 with the children at school, connecting the lesson to Hong Kong's current water management system.
