Objective(s)

- Children can learn the correct way to brush their teeth and understand the importance of dental health.
- Children can cultivate good brushing habits through simulated play, ensuring their oral health.

Brief Descriptions:

- Through videos and songs, children could understand the importance of brushing their teeth in the morning and at night.
- Children explored toothbrushes to learn about the tools needed for brushing and the importance of protecting their teeth.
- Children participated in a pretend play, where they could act as dentists and simulate dental examinations, helping them learn about the tools and procedures involved in checking teeth.
- Through stories and role-playing activities, children learned to develop good habits, such as eating fewer snacks and taking care of their teeth.
