

2024-2025 年度

N.4 班參觀童創探知館

N.4 S.T.E.A.M. for Children Wonderland Visit

班級(Class): N.4

參觀地點(Location): 童創探知館 S.T.E.A.M. for Children Wonderland

活動目標(Target):

1. 讓幼兒置身天文大帳幕，透過觀看投影天象，認識水星、金星、地球和火星的運行。
Let young children immerse themselves in an astronomical tent, learning about the orbits of Mercury, Venus, Earth, and Mars through projected celestial phenomena.
2. 透過創意活動，讓幼兒以美藝素材製作星球，藉此抒發個人感受及得著。
Through creative activities, young children can create planets with artistic materials to express their personal feelings and insights.

活動簡介(Activity Overview)

為了讓幼兒認識八大行星及在創意活動中進行學習，本校於 2025 年 6 月 4 日(星期三)帶領 N.4 班幼兒參觀童創探知館，幼兒藉此認識水星、金星、地球和火星的顏色、溫度、顏色和特徵。其後，導師引導幼兒利用梳打粉和色素創作屬於他們的彩色星球。

In order for young children to learn about the eight planets through creative activities, our school organised a visit to the S.T.E.A.M. for Children Wonderland on June 4, 2025 (Wednesday) for the N.4 class. During the visit, children learned about the colours, temperatures and characteristics of Mercury, Venus, Earth and Mars. Then, the instructor guided the children to create their own colourful planets using baking soda and food colourings.
