

2024-2025 年度

N.4 班參觀香港兒童探索博物館

N 4 Hong Kong Children's Discovery Museum Visit

班級(Class) : N.4

參觀地點(Location) : 香港兒童探索博物館 Hong Kong Children's Discovery Museum

活動目標(Target) :

1. 透過進行水的實驗認識水的特性。

Understand the properties of water through water experiments

2. 讓幼兒在遊戲中學習，培養他們自主學習的態度。

Let children learn through games and cultivate their attitude of independent learning.

活動簡介(Activity Overview)

為讓幼兒能認識水的特性及讓幼兒在遊戲中學習，培養他們自主學習的態度，本校於 2025 年 3 月 5 日(星期三)帶領 N.4 班幼兒參觀香港兒童探索博物館，幼兒藉此研究水的流動和實驗水的各種特性，又能透過館內的「水幕牆」，探索水的流動及了解水住低處流的特性。

In order to enhance children's understanding on the properties of water and learn through games, as well as to cultivate their attitude of independent learning, we arranged a visit to the Hong Kong Children's Discovery Museum for N4 class on March 5, 2025 (Wednesday). The children took this opportunity to study the flow of water and experiment with the various properties of water. You can also explore the flow of water and understand the characteristics of water flowing in low places through the "water curtain wall" in the museum.
