Name of Activity

Astronomical Activity - The Earth and its Neighbours

Objective(s)

- By viewing projected sky images, children learned about the eight planets and developed an interest in science.
- Children made planet models and shared their feelings and achievements through creative art activities,.

Brief Descriptions:

Children were guided by S.T.E.A.M. for Children Wonderland instructors into the Astronomy Dome to view the projected sky and learn about the eight planets. Inside the tent, they focused on the planets with curiosity, expressions, and questions. Later, through creative art activities, they made planet models and shared their personal feelings and experiences.
