

# Kindergarten Education Scheme Experiential Learning Activities Display Form

HKSPC Butterfly Estate Nursery School

Name of School

2024-2025

School Year

N3

Grade Level

## Name of Activity

Visit Health Education Exhibition & Resource Centre

## Objective(s)

- Recognize the importance of environmental hygiene
- Understanding the methods for maintaining public hygiene
- Learn to use public toilets in a hygienic manner

## Brief Descriptions:

The children were able to observe, explore and practice the different facilities in the center and learnt about hand washing and public hygiene through the interactive TV programme. Through the school worksheets, children were able to draw a picture of Keep Clean Ambassador Ah Tak, circle different high-risk food items and draw what they should do after cleaning up raw meat, so that they could note down what they had seen and learnt during the visit.

The children also learnt about the seriousness of mosquito, bacteria and rat infestation through the real specimens in the center. Through the video and miniature statues, they learnt about the impact of mosquito and rat infestation on the community.

## Record of Activity (E.g. Children's Work / Photos / Videos of the activity)
