活動簡介 Brief Introduction:

老師透過故事、影片及外出參觀不同的社區設施，探索及認識區內的不同設施，如：郵局、油麻地舊警察局、玉器市場等，亦參觀和欣賞社區內的中國古式建築-天后古廟，由於有部份幼兒都入過。幼兒亦透過故事、影片及圖片認識區內的設施的用途，包括社區中心內的無障礙設施，了解社區共融的概念。

The teacher uses stories, videos, and field trips to explore and learn about various community facilities in the area, such as the post office, the old Yau Ma Tei Police Station, and the jade market. They also visit and appreciate traditional Chinese architecture within the community, like the Tin Hau Temple, which some children have previously visited. Additionally, children learn about the functions of these facilities through stories, videos, and images, including the accessibility features in community centers, helping them understand the concept of community inclusion.
