Cheung Sha Wan Nursery School**

Name of School

2024-2025

School Year

N2

Grade Level

Name of Activity

Experiential Learning Activity: Magic Egg

Objective(s)

- Through activities, children can explore the structure of eggs.
- Through achievement sharing activities, children can share what they have learned in the topic and enhance their confidence in expressing themselves in front of others.
- Through the activities, children learn to treasure food and develop good Chinese cultural qualities.

Brief Descriptions:

- During reading the "Egg Brother", children learn the appearance, structure and the characteristics of eggs. Also, children also show their interest in eggs in the topic, so as to cultivate the good habit of "cherishing" in Chinese culture.
- Through activities such as steaming eggs, boiling eggs, scrambling eggs and baking cakes with children, children can learn different cooking methods.
- Through different corner settings, children and parents can experience and explore different ways to play with "eggs" together.
- Children explore different materials that protect eggs, so that they can understand the importance of eggs in daily life and cultivate the good character of "cherishing food" in Chinese culture.

Record of Activity (E.g. Children's Work / Photos / Videos of the activity)
