Cheung Sha Wan Nursery School**

Name of School

2025-2026

School Year

N3

Grade Level

Name of Activity

Experiential Learning Week: I can cook noodle

Objective(s)

- Children learn different famous "noodles" in China and enhancing their understanding of China's food culture.
- Through hands-on activities such as "kneading dough," "making noodles," "boiling water," and "cooking noodles," children can learn the basic process of food from raw ingredients to finished products in practice. They can also develop cooperation skills with peers, concentration, and an initial awareness of self-care, experiencing the joy of "learning by doing."

Brief Descriptions:

- Through picture book learning, Children learn different famous "noodles" in China and enhancing their understanding of China's food culture.
- The teacher sets up measuring tools such as electronic scales, measuring cups and spoons in a corner to allow the children to learn how to measure flour, water and salt. Children explore the process of kneading the dough.
- Children make a bowl of noodles by themselves.
