Name of Activity

Parent-child outing and national education activity

Objective(s)

- (1) Through nature exploration games, children learn the Chinese virtue of caring for nature.
- (2) Through parent-child Chinese cultural activities, enhance parents' and children's understanding of Chinese culture and traditional virtues, and cultivate their sense of belonging, pride, and love for the country.

Brief Descriptions:

During the flag-raising ceremony, children can learn about the national flag and national anthem, and learn proper etiquette, such as standing still and showing respect. The ceremony helps cultivate respect for the country and strengthens their sense of national identity. Through this celebration, children feel proud of the country's prosperity and achievements, and are willing and motivated to become outstanding Chinese citizens. As the National Day celebration and the "My Action" Pledge Ceremony are held on the same day, the positive values in the pledge align with the admirable qualities of Chinese people. Combining both activities creates a complementary effect.
