活動簡介 (Activity Overview)

在「Reach & Match 小小冒險家」中，引入小冒險家在森林裏尋找寶物和遇險的情境，並結合音樂律動元素，讓小冒險家能隨著音樂的起跌，按指令完成指定動作。活動過程中，幼兒能進入模擬情境中，跟隨音樂的變化完成任務，表現投入。

In the activity **“Reach & Match: Little Adventurers,”** a storyline was introduced in which the little adventurers searched for treasures and faced challenges in the forest. Music and movement elements were incorporated, allowing the children to follow the rise and fall of the music and carry out specific actions according to the instructions. Throughout the activity, the children were able to immerse themselves in the imaginative scenario, respond to the changes in music to complete the tasks, and they showed strong engagement and participation.
