

2023-2024 年度

N4 班探索天文活動-地球和她的鄰居

班 級 (Class) : N4

參觀地點 (Location) : 童創探知館 S.T.E.A.M. for Children Wonderland

活動目標 (Target) : (1) 讓幼兒置身於天文大帳幕，觀看投影天象，在滿天星裡尋找八大行星。
(2) 透過創意活動，讓幼兒以美藝媒材製作星球模型。
(3) 讓幼兒以藝術抒發個人感受和得著。

(1) Allow children to be immersed in a planetarium, observe the projected celestial objects, and search for the eight planets among the stars.
(2) Through creative activities, have children make models of the planets using artistic media.
(3) Allow children to express their personal feelings and insights through art.

老師早前於「颱風」單元的課堂活動中，與幼兒一同認識了不同的大自然現象。為延伸幼兒的學習興趣，老師安排幼兒到「童創探知館」參觀，透過親身操作，讓幼兒置身於天文大帳幕，觀看投影天象，在滿天星裡尋找八大行星，並以創意活動製作星球模型。In the "Typhoon" unit lesson activities, the teachers introduced various natural phenomena to the children. To extend the children's learning interests, the teachers have arranged for the children to visit the "S.T.E.A.M. for Children Wonderland". Through hands-on activities, children immersed in a planetarium, observe the projected celestial objects, and search for the eight planets among the stars. Also, through creative activities, have children make models of the planets using artistic media.
