老師早前於「食物」單元的課堂活動中，與幼兒一同認識了食物從哪裡來及帶出珍惜食物的概念。為延伸幼兒的學習興趣，老師安排幼兒到「粒粒皆辛館」參觀，透過接觸與珍惜食物相關的資訊，了解香港食物浪費及飢餓問題，培養幼兒珍惜食物的態度。

Previously in the "Food" unit, the teacher had worked with children to learn about where food comes from and instill the concept of cherishing food. To extend the children's learning interest, the teacher has arranged for the children to visit the "Grain by Grain Hall" to expose them to information related to cherishing food, understand the issue of food waste and hunger in Hong Kong, and cultivate the children's attitude of treasuring food.
